**\* Brits Here** - Range will not be closed to members, but they will have some sort of match most days that anyone can participate in.

- For more information about the Brits visits, contact Phillip Gamblin or Watch Facebook and email.

**Rimfire KYL Steel** - .22 benchrest precision shooting. Most shooting is 100 yards down to 50 yards. (But don't be surprised if an extra target or two is thrown into the mix!) There will be two divisions on these matches based on the MSRP of your gun/scope. (\$800)  
 - For information on these KYL matches, contact Tim Guinn

**500 Yard Range** - Shooting on our 500 yard range.  
 - For information on this shooting, contact Pete Laub.

**Steel Challenge** - Shooting steel targets generally 10-20 yards. Five targets per stage. Shoot 4-5 stages and shoot each stage 5 times. Lowest score of each stage is dropped.  
 - For information on Steel Challenge matches, contact Phillip Gamblin

**Bowling Pin Match** - This is our 2nd year for this. Details to be determined. Whatever we do, it will be fun! Watch the schedule as one of these on a Sat & one on a Tue  
 - For information on these Bowling Pin matches, contact Tim Guinn

NOTE: Other matches may be added throughout the year. Some folks have asked about sub guns and shotgun matches. These will be added as needed. But we do want to respect the members who don't want to shoot in "matches" so we be careful not to add too much to this schedule.

NOTE #2: We will post on our Facebook page when the range will be mowed to give ample notice about that. Usually that takes place pretty early on a weekday morning.

NOTE #3: We do support our local law enforcement organizations. Occasionally they will ask to use our range for their annual qualifications. We will send out ample notice when that will occur.

Revised: March 17, 2025
